

We are going to offer an accommodation in medium class Spanish family apartment, composed by 3 rooms, one kitchen, one living room, one small terrace, 1 clothes line area and 1 bathroom.

Apartment decoration and furniture are not the most fashion ever, what we want to say is that they are not NEW, not FASHION, but in our opinion they are GOOD Furniture... and we think super "suitable" for ECS projects.

As you see we can't offer the same size, color, orientation, and style rooms to all ECS... this is why we use "United on Diversity" for ECS...

The Alaquàs City Hall aware of the severity of the Covid19 pandemic, carries out all activities with the maximum security measures for the protection of participants. And we faithfully follow the security measures indicated by the health authorities. Taking into account the safety distances, mandatory use of a mask and hydroalcoholic gel, small groups, etc. The safety of the participants is the most important.

The principles that we want to share are:

We would like to work with responsible, flexible, patient, tolerance, comprehensive, empathetic, mature, humble and funny young people interested to learn, work and live 120% an ECS project.

Intolerance, un-comprehensive, inflexible, impatient, non-empathetic, childish, and sad young people will not have a good ECS Project.

Follow up !!!
