

“GREEN” LANGUAGES Vol. 5”

Volunteering in Southern Italy - Amantea

(for 6 months or more)

The project aims to use multilingualism as a tool to empower intercultural dialogue.

We want to create a physical space where volunteers can meet local people and contribute to building a more tolerant and inclusive society in Amantea.

Project objectives:

- **Empower Multilingualism and Intercultural Dialogue through non-formal methodologies**
- **Promote Erasmus+ opportunities and European values among local young people.**
- **Promote Environmental Protection and Sustainable Green Practices**

The project is organized by **The Convent Centre of Language & Art** – a cultural association and foreign language school.

Convent Centre promotes activities that empower linguistic and cultural competences.

Daily courses for all ages are offered, together with workshops for kids and adults that aim to make learning foreign languages more accessible through non-formal methodologies.
