FUNDACION ESCUELA DE SOLIDARIDAD

The Solidarity School Foundation (Fundación Escuela de Solidaridad/FES) is a non-profit organisation that started its activity in 1995 and was established as a social entity in 1997. Since then, it has focussed on working with collectives that social disadvantage, mistreatment or exclusion. FES is a host community created 30 years ago.

years ago: first in La Zubia and for the last 20 years it has been developing its main activity in Sierra Elvira, a district of Atarfe (Granada). The development of the community is intimately linked to the solidarity of people who have passed through the organisation, contributing their knowledge and experience to the community.

FES takes in people who, for various reasons, are at a social disadvantage.

This disadvantage means that their basic rights and freedoms are violated, which makes it difficult for them to participate actively in society, triggering a process of exclusion. The people who live in FES are mostly young people between 18 and 30 years old, within this group we find:

- Migrants recently released from juvenile centres, mostly from Morocco.
- Women heads of families with their children (between 0 and 12 years old approx.). Most of them are gypsies, migrants or refugees from Morocco. Refugees of Moroccan, sub-Saharan and Latin American origin. In some cases they have been victims of mistreatment.
- Political refugees of sub-Saharan or Latin American origin (mainly Venezuela and Colombia).

For more information visit our web site: www.escuelasolidaridad.org
